

Sample SOC 2 Bridge Letter

ExampleCloud Services, Inc.

Date: March 31, 2026

To: ExampleTech Solutions LLC

Subject: SOC 2 Type 2 Bridge Letter — Application Hosting Platform

Dear ExampleTech Solutions Team,

This letter provides an update from ExampleCloud Services, Inc. management regarding the controls described in our latest SOC 2 Type 2 report for our Application Hosting Platform.

Example Assurance CPAs, LLP issued that report on February 16, 2026, covering the examination period from January 1, 2025, through December 31, 2025. This letter addresses the subsequent period from January 1, 2026, through March 31, 2026.

Based on management's knowledge and ongoing oversight, we are unaware of material changes to the system or control environment described in that report during the bridge period. Management remains responsible for maintaining and monitoring these controls.

Changes And Other Relevant Matters:

Management has identified no material changes, relevant control failures, or security incidents affecting the controls described in the report during this period.

Please review this letter together with the referenced SOC 2 report, including its findings and any complementary user entity controls that your organization is responsible for implementing.

The statements in this letter represent management's knowledge as of March 31, 2026. Our independent CPA firm has not examined the bridge period for purposes of this letter. This letter provides no independent audit assurance, does not extend the examination period or auditor's opinion, and does not replace the SOC 2 report.

For questions or additional information, please contact Jordan Ellis at management@examplecloud.example or +1 (202) 555-0148.

Sincerely,

Jordan Ellis
Chief Technology Officer
ExampleCloud Services, Inc.
